

# COFFEE ON SUNDAYS

The Newsletter for Heather Hiestand, Eilis Flynn, and Anh Leod  
DECEMBER 2010

## *Frosty's Here!*

We were warned that we'd have unusual inclement weather in these here parts, and boy, were they right! We had an unseasonably early snow before Thanksgiving, making Puget Sounders panic and slip and slide around more than usual. Boy, were we glad to see rain and mist and fog again!

We've had a busy month as Eilis and I have scrambled to work on stories while being

crushed by personal schedules and in Eilis' case, holes in her roof not caused by reindeer! Heather is letting Anh take a break in early 2011 while she gets two Heather Hiestand stories ready for publication. The way things are going, they may both be released right around Valentine's Day. It seems like her publishers only give her about a week's warning when they are ready to be published these days!

# Happy Holidays, everyone!

## December Jollies, CONTINUED

In other news, Eilis and Heather are sneaking time into their schedules to work on Secret Project #3 and they've already had some agent interest. Fingers crossed! And changes, changes, they keep coming. Jasmine-Jade, the parent of Cerridwen Press, has closed down the line and placed the backlist under the Ellora's Cave newly branded Blush banner. This will be a developing process, but our books can still be bought at Amazon and Barnes & Noble during the changeover. Keep checking back at the Ellora's Cave website to find our books!

Anh has one more new story out in 2010, "Christmas a Go-Go"! Readers are falling in love with the cover, but she hopes you'll like the story too. This one is based on a true story...

I had just come back from London. It was 1985 and I had bought the most gorgeous pair of white boots. I wore them shopping to Nordstroms and a shoe salesman knelt before me to fondle them. I was a teenager and it was quite a shock, but the experience has been brewing ever since. Now it is here in the form of "Christmas a Go-Go," my December 21st Ellora's Cave release!

### *Here's the blurb for "Christmas a Go-Go":*

Lexie has a serious love for go-go boots and an heiress-sized fortune to build her collection. She has everything but a man who shares her fetish. When her new custom-made Christmas go-go boots capture the eye of Adrian, she wonders if she has finally found the one.

Adrian has always been turned on by a woman wearing boots, and he is immediately smitten with the lovely Lexie. Sparks fly and he leads her away to the VIP dressing room for a sultry, sexy tryst.

They both want more, and Lexie plans to have

it. She wants Adrian at home, in front of her boot wall—naked, touching her body, touching her boots—while they have the best sex of their lives.

## Christmas a Go-Go

### Chapter One

The upscale department store was a vision of blond wood and seductive lighting, perfectly on trend. Even the other shoppers looked appropriately dressed. Lexie Loveland adored the hushed atmosphere of the place, even with the holiday music being piped through in typical tinny fashion. The Christmas tree at the doorway inside Woodfield Shopping Mall was tastefully avant-garde. This was her kind of store, as it certainly should be.

First she walked by Accessories, which was a shopping must for those holiday gifts. Mom received the new "it" bag every Christmas. The aunts were given scarves in appropriate winter colors. All three of them were thrilled that cotton scarves were "in" and fashionably hid their aging necks.

Lexie had finished her shopping two weeks early though—all but one gift. The gift for the not-quite boyfriend. What did you buy for a guy you'd been out with on two dates, had already scheduled for New Year's Eve, but hadn't slept with yet?
