SEPTEMBER 2011

Autumn's Working News

When Eilis and Heather/Anh said we wouldn't bother you unless we actually had something to say, we weren't kidding! First of all, prices are dropping over at the Jasmine-Jade site—go check it out! Since the last time we gave you a newsletter, we've been working...and working...and working. And working some more! Heather/Anh's got news: As Heather Hiestand, she's got "Victoriana Adventure" from The Wild Rose Press, about what happens when a free-spirited scientist from modern-day Tacoma, Washington, finds himself in an alternate-reality Victorian England! Then as Anh Leod, there's the scorching-hot FIRE WOLF, the latest installment in the Brotherhood of the Wolf series, available at El-

lora's Cave! And Eilis wrote a novella that was supposed to be part of an anthology, but when that fell through, she decided to self-publish it instead. So THE RIDDLE OF RYU is for sale at Amazon.com, BN.com, and Smashwords.com! And she's waiting to get edits for her young-adult novel, but she's already got a cover for that from Crescent Moon Press, and it's a humdinger. So with all that news, let's get started with a look at our stories on sale now and their covers and how they rock!

A Victoriana Adventure:

Marooned in alternate-reality Victoriana, Ollie Brown wants to get home to modern Tacoma. The enticing girl who shelters him tempts him to stay, but what does a 19th-century princess need

with a 21st-century skateboarding chemist in a world where science is banned? Princess Lenchen thrills at the chance to assist the handsome stranger who speaks of oddities like candy bars. Ollie offers a breath of freedom, but Lenchen knows he feels trapped and out of place. She tries to help him find a way back to his world, though she longs to know more about him—and to escape her cloistered life in the widowed Queen Victoria's court.

Every girl wants her own Cinderella story, even if she's already a princess—but if Ollie stays with her, will he be allowed to be himself?

This sweet story's on sale at TheWildRosePress.com right now!

Fire Wolf:

Divorcee Olivia has had her eye on much younger firefighter Smokie Monahan. She propositions him, never realizing he's had it bad for her since he first saw her luscious bod in a bikini a decade before. She plans a brief, hot, sexy encounter at the firehouse—in, out, done. But that quickly turns into a series of lusty hookups that neither can resist. Smokie is a wolf shapeshifter, so he knows the scorching sex with a human isn't going to lead to anything more. Besides, Olivia insists it's just a fling—no more relationships for her. Then a mystical seer declares they are true mates. Smokie thinks he's too young to settle down and Olivia thinks hot sex does not equal love. These two are about to discover just how pleasurable being stuck with each other for life can be. Reader Advisory: Smokie likes it a little bit rough, a little bit kinky.

The Riddle of Ryu:

The Stars Have Always Been There For Her:

For lonely UFO hunter Ginevra Kincaid, the stars have always been her friends. She's always been sure she would one day have a close encounter of the third kind—until one strange night, she arrives at the site of a meteor crash and meets...an alien? He might be, or maybe not...he can't remember anything about himself, except his name: Ryu. But he's being pursued by men in black, who claim he's not who she thinks he is.

Can Ryu and Ginevra escape the men in black, and recover Ryu's memories as well? Who is he? He remembers snippets of who he was, and none of it makes sense. Can they make sense of it all before the mysterious men catch up with them?
